

Messages from Parents to RWBA Thank you to all the parents that have sent in messages

Many thanks for all your hard work and commitment, I have been blown away by all the staff and how everyone is handling this situation

Thank you and all your staff for doing such a fantastic job with the students. You are all awesome! Take care and stay safe.

**To ALL the staff at RWBA,
I just wanted to write and say a massive thank you to everyone who is working to help our children at this time, I know you are probably busier than you have ever been, with teaching key worker's children, home schooling your own children, and prepping and marking lessons for every other student, I often wonder if you've met yourself coming back yet?
These are such unprecedented times that came upon us literally within weeks, and you have all stepped up to the plate admirably.
I hope you get the recognition you all deserve when this is over along with everyone else who have had to work during this time. Thank you once again.**

Thank you for the communications to our children and to us, it really does make us feel connected to the school. Good luck in your new role.

**Good afternoon Mrs Ellis,
Sincere congratulations upon your appointment and best wishes going forward.
I'd just to take this opportunity to thank each and every member of staff at the school who, certainly in my view, are totally outstanding. It's not lost on us as parents that they have continued to go above and beyond and to put in huge amounts of efforts with their hard work and innovative solutions during this difficult time on behalf of the students.
It's genuinely so very much appreciated.**

Dear Mrs Ellis

Thank you for your email and congratulations on your new role. I must say that you are starting your new role in difficult times but I would like to thank you for your efforts and your long experience is obviously showing your abilities which are of great reassurance to me as parent. It seems that home learning the school has set up, is working well. It is keeping students minds engaged and focussed. Thank you again for all your efforts

Thanks to all the staff at RWBA, you are all amazing.

Big thanks to all the teachers for setting up the work and keeping in touch. Thanks to you, the kids are busy; they almost forget the difficult situation around them and everything that they are missing out on. You have been amazing.

Thank you to you all for making this as straight forward as you have. My husband and I are both key workers and not been at home as much as we really want to, but focusing on their work has kept my 2 in a routine and feeling safe, thanks so so much for all your help and support, you really are all very amazing

I just wanted to drop you a line to say what a positive difference the new timetabled approach to remote learning has made this week. The changes have led to a much calmer atmosphere at home, so a big thank you to you and the team from our family!

We just wanted to say how much better we have found things this week and we really appreciate the efforts from all involved in trying to be flexible and adaptable to meet all needs (no easy task!). I am aware from other parents of pupils at other schools where things have not been so adaptable or focused on well-being and we are so glad our daughter attends RWBA as we feel you have worked hard to ensure a good balance. The staff have all been wonderfully responsive and supportive in any communication we have had which has been just so helpful.

A much less stressful week with how the work has been reduced! Really grateful to you and all the teachers , must be so hard getting the right balance for everyone , impossible really . Hope you and family keeping well , thank you again and congratulations on your new headship .

Hello, the new system has been so much better for our household, knowing what was going to happen and when is a blessing. Its far less stressful for us now.

Can I say a big thank you for the daily check ins. My Daughter mentioned this to me yesterday and said how nice it was and how considerate it was of you to do individual emails rather than a general one. So Thank you

As a family, we want to thank all of the staff at RWBA.

With the 3 boys it was going to take some time, mentioning all of the teachers individually and the lists of reasons for offering our thanks.

We think you are all amazing and show that the teaching profession is more than a job, it is a vocation.

You could say we are taking the easy way, sending one email to you for everyone but, the boys teachers and all the staff who have worked with them, know how highly we value their efforts. We wanted you to know how highly we value them.

To amazing people, working effortlessly in the most extreme of circumstances, we thank you.
