

RWBA Distance Learning Work:

FACULTY: Social Science

Teacher: Miss L Scott

DEPARTMENT: Health and Social Care

EMAIL: lscott@rwba.org.uk

Course: BTEC Health and Social Care

Objective: To develop knowledge of key theories in Unit 1

Activity: Produce a poster on physical, intellectual and emotional development in children

Time to be allotted to this task: 2 hours maximum

NOTES: Work can be typed or handwritten, Name on the top.

TASK:

Research the physical and intellectual milestones children pass through from birth to 8 years of age

- Produce a poster on A3 that highlights these milestones
- Physical milestones need to refer to Gross Motor Skills and Fine Motor Skills
- Intellectual Milestones should reference the work of Chomsky and Piaget's Stages of Cognitive Development

- Research emotional development in children up to the age of 8
- Include the work of Bowlby, Schaffer and Emerson, and Ainsworth with regards to attachment and how this affects our emotional development
