

**Royal Wootton Bassett
Academy Sixth Form
Weekly Newsletter #135
19 January 2024**

Are you starting university this year?

Wiltshire Community Foundation offers grants to young people in Wiltshire and Swindon who need support with the costs of studying an undergraduate degree at university. The One Degree More bursary is £1,600 for each year of the course to help with general living expenses, course costs, books and equipment. We are now open for applications for those stating university this year.

Who is eligible to apply – young people can apply for a university bursary if they:

- are under 24 years old
- have lived in Wiltshire or Swindon for at least 2 years
- parents or guardians receive 2 means-tested benefits (2 elements of Universal Credit)
- eligible for funding through Student Finance England
- studying for first undergraduate degree at a UK university or college

Or

- are a young person in the care of Wiltshire or Swindon Borough Council (LAC)

Applications close on 5 April 2024. Apply today by

visiting: www.wiltshirecf.org.uk/grants-and-support/individuals/university-bursary-one-degree-more/

**OPPORTUNITY
FOR ALL**

**SUPPORT YOUR
SIXTH FORM
CHARITY AND
HELP US RAISE AS
MUCH AS WE CAN**

In February the **Wiltshire Air Ambulance** have arranged a fundraising event to **GO THE EXTRA MILE**. They have asked people to celebrate February 2024, being a leap year and to challenge themselves with setting a new goal or trying something new for each day of the month.

So How Can RWBA Sixth Form GO THE EXTRA MILE?

We would like to run a challenge of our own:

to get 29 people

to do 29 challenges

over 29 Days

**This would mean you would need to volunteer to do a
challenge on ONE day during the month:**

(More people can join in if they wish, the more the merrier, but we need a commitment of a minimum of 29).

WHAT COULD YOU DO?

You could:

- Walk, Run, Cycle, Ride, Row a mile a day at home, in the gym, local park, or at school.

We have arranged for anyone participating to be able to use the school Gym after school (3.00 – 4.00 pm – supervised) from 1 February to 29 February to do their challenge if you choose to do this option (not over half term of course). You need to get someone to take a photo of you doing it - and why not dress up to make it more fun! All the pictures can then be used to promote the event and get more people involved.

- Do a random act of kindness.

For example: If you can't cook or avoid the kitchen, why not offer to prepare a meal for your family for a night, check out a recipe book and go for it!

Make 29 cupcakes and gift them to brighten someone's day who won't be expecting it.

- Do something out of the ordinary
- Learn something new in just 29 days.

THE LIST IS ENDLESS!

We would ask people to donate in support of you taking on the challenge, so you will need to drum up support from your friends and family.

The challenges need to be realistic, safe and not too complicated, but wild and wacky will be acceptable.

Like the sound of this and want to get involved? IT WILL BE FUN AND FOR A GENUINE GOOD CAUSE. You might even learn something about yourself or learn a new skill along the way.

To sign up you need to complete the attached MS Form asap and be ready to do your challenge in February.

<https://forms.office.com/e/0dpggnTktT>

Let's see how great RWBA Sixth Formers are at raising to a challenge!!

The logo for tutor2u, featuring the text 'tutor2u' in white on a dark blue background.

A level Business studies workshop

The logo for tutor2u, featuring the text 'tutor2u' in white on a dark blue background.

What's included

Full day of engaged learning in a modern,
multiplex cinema

- Designed and delivered by the tutor2u subject experts
- Dedicated workshop booklet packed with useful advice on exam technique
- Enrolment on the supporting Grade Booster online course for your workshop
- 40% one-time discount code to use on any tutor2u **printed resources.**

Book Here: <https://www.tutor2u.net/workshops/book/1922975>

What we'll cover

Session 1: Maximise marks on the 4, 10 and 12 mark questions-

- Writing winning paragraphs
- The importance of knowledge and understanding
- Writing contextualised answers
- Structuring the 4-, 10- and 12-mark questions

Session 2: Success in the 20 mark questions+

Session 3: Investigating business in a competitive environment+

Session 4: Quantitative skills and numerical concepts+

Online Support

To provide an even more effective support for students, we support all our cinema workshops with a comprehensive online course which helps students from the moment they book their cinema place to the date of their final exam in the summer.

Each Grade Booster online course provides significant additional resources that complements what students cover during their cinema workshop. This combination of cinema + online course provides an unrivalled support for students as they prepare for summer 2024 exams.

Learn more about the online support.

- [Edexcel A-Level Business Grade Booster](#)

Your hosts

- **Graham Prior**

Graham Prior is Subject Lead for GCSE, A-Level Business, and IB Business and Management at tutor2u. He is an experienced teacher, examiner, head of department and author.

- **Mike Mills**

Mike is an experienced Head of Department, teacher and A-level Business examiner. Mike is also a popular presenter on tutor2u CPD courses and student workshops.

If you are interested in attending the Tutor2U grade booster day at Cribbs Causeway. Please book online and share your booking reference with Mrs Allen and she will authorise your attendance for the day.

Masterclass Series registrations now open!

MASTERCLASS SERIES - BOOK ACADEMIC SESSIONS NOW

Unsure what subject you'd like to study at University? Book onto the Masterclass Series below to experience a taster of our courses.

Each session is presented by our academics and offers the chance to:

- Find out what university lectures are like
- Explore your subject of interest further
- Discover the latest research at Swansea
- Ask questions about the course

INTRODUCTION TO JAVA: DECODING CLASSES & METHODS

Join us for a quick exploration of classes and methods, illuminating their significance in software development, testing, and maintenance.

STUDYING AND PRACTICING MENTAL HEALTH NURSING

Join Mental Health Nursing Lecturer Sam Richards for an overview of studying and practicing mental health nursing in Swansea, to learn more about the context of The Mental Health (Wales) Measure, "6 Goals" and discover the difference in the All Wales approach.

ARTIFICIAL INTELLIGENCE AND ECONOMICS - THE IMPORTANCE OF BEING HUMAN

Join us to explore how Economic Theory helps explain our preferences and biases towards AI produced creative products.

How do we value AI versus human generated creative content and what implications does this have for corporations and consumer demand for creative goods?

THE YEAR OF WOMEN'S SPORT (AGAIN)? GENDER, SPORTS, AND MEDIA IN UK WOMEN'S SPORT

This webinar will discuss key debates in gender, media and sport focusing specifically on women in sport. We will examine the amount of news coverage and the quality of coverage afforded to women's sport.

USING FORENSIC LINGUISTICS TO TACKLE ONLINE HARMS

From hate speech to fake news to online extremism, forensic linguistics is increasingly being used to make the online world a safer place. This talk will give you an overview of forensic linguistics, and will introduce you to the research being conducted at Swansea University – along with the impact that it is having on our digital lives.

BEHIND THE SCENES: LIGHT AND ELECTRICITY

Join us for an enlightening webinar on creating power-efficient LDs, LEDs and other photonic devices from semiconductors. Uncover the secrets behind the technology that powers our everyday lives. Get ready to spark your curiosity and illuminate your understanding of innovation!

PHOBIAS: CAUSES AND TREATMENTS

In this session an outline will be provided of different types of phobias. Focus will be placed on how they are diagnosed in a clinical context, key theories that explain how they develop and the effectiveness of different types of therapies.

CRIMINAL LAW - MAKING A MURDERER

Join Emma Richards for an introduction to criminal law principles and homicide offences. Why do we have the criminal law? What are the aims of the criminal law? This will be followed by some interactive homicide scenarios where we become the detective and determine whether the accused is guilty of the crime.

POLITICAL (DIS)INFORMATION: FACT-CHECKING BORIS JOHNSON'S COVID INQUIRY EVIDENCE

“Usual Lies and Bluster” or “Got The Big Calls Right”? The former UK Prime Minister’s responses to the UK Covid-19 inquiry highlight how critical thinking and analysis are essential when navigating contemporary politics in an era of digital disinformation. Join us as we explore and discuss.

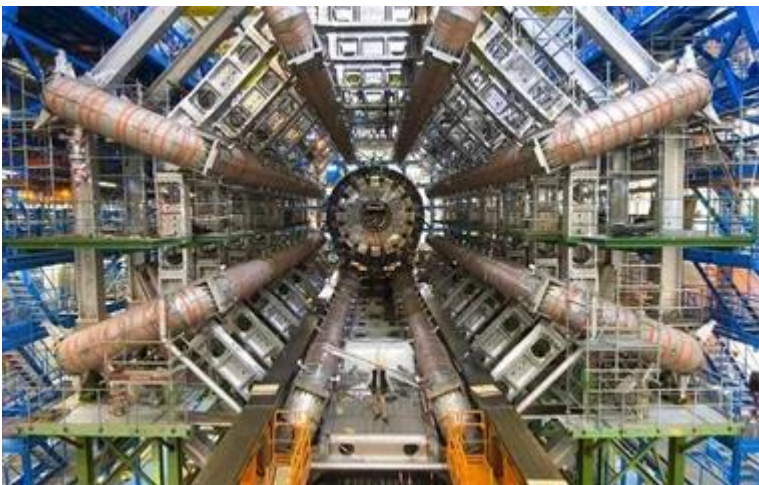

HOW CAN I TAILOR MY MEDICAL SCIENCES DEGREE AT SWANSEA

(Applied Medical Sciences, Medical Pharmacology, Population Health and Medical Sciences)

Hear from our teaching team and current students about how you can achieve your career aspirations with our employability strands which are embedded in our degrees. Explore what we have available and where the degrees can take you.

TOURING CERN: A WALK INTO THE ANTIMATTER FACTORY

Ever dreamed of visiting CERN, the European Laboratory for Particle Physics? Join us for a brief introduction of CERN and a live tour of the ALPHA Antihydrogen Experiment. Walk with Dr Niels Madsen to find out why we do the work we do, and explore big questions like why is there no antimatter in the universe.

TIKTOK MADE ME DO IT! HOW SOCIAL MEDIA & INFLUENCER MARKETING MAKE US BUY STUFF

Ever seen a product on social media that you just had to buy? In this session we'll learn how social media trends can turn everyday products into viral bestsellers and reveal some of the powerful marketing techniques that make products we see on TikTok and other social networks so hard to resist.

REVOLUTIONISING PLASTIC FILMS: EMBRACING AN ECO-FRIENDLY FUTURE IN MATERIALS SCI

Unwrap a future where plastic films don't harm but nurture our planet. Dive into a sustainable journey where films spark positive change, surpassing mere necessity. We'll dissect traditional films, reveal the environmental toll, and introduce the game-changer: Biodegradable Polymers. This isn't your typical eco-chat!

Register here to attend the online masterclasses:

<https://www.swansea.ac.uk/study/webinar-series/masterclass-series-registration/>

Virtual work experiences have been accepted by the Medical Schools and Dental Schools Council as valuable alternatives to traditional, in-person shadowing, and this month we're diving into the fascinating world of **Emergency Medicine and Dental Hygiene, Dentures & Difficult Decisions.**

Students can find out more here:

<https://medicmentor.org/university-hospitals-birmingham-trust-virtual-work-experience/>

Participating in this virtual work experience not only opens doors for students to gain insights and opportunities that may otherwise be hard to access but also serves as a crucial step in preparing them for their upcoming physical placements. Partnering with Birmingham Universities Hospitals Trust, our Virtual Work Experience has been a game-changer for thousands of secondary school students in the past year.

Combined with the essential knowledge on how to get into medicine or dentistry and valuable advice from doctors and dentists shared at the Get Into conferences, registering for the conference becomes vital.

If your students aged 14-18 haven't yet attended a Get Into Conference but are interested in joining the Virtual Work Experience, they can sign up for the upcoming conferences on these dates to gain INSTANT access after attending:

For aspiring Doctors: FREE LIVE VIRTUAL Get Into Medicine conference dates:

Saturday 27th January, 9:30am - 3:30pm

Saturday 3rd February, 9:30am - 3:30pm

Sunday 4th February, 9:30am - 3:30pm

For aspiring Dentists: FREE LIVE VIRTUAL Get Into Dentistry conference date:

Sunday 28th January, 9:30am - 3:30pm

Students and parents can register for free at these links:

Medicine: <https://medicmentor.org/get-into-medicine-ucas-conference/>

Dentistry: <https://dental-mentor.org/get-into-dentistry-ucas-conference/>

Throughout these conferences, students will have the chance to interact directly with doctors, dentists, and medical and dental students LIVE. They'll gain critical information to make a competitive application to study medicine or dentistry at university.

Students aged 14 - 18 are invited to attend with a parent or guardian, equipped with a working camera and microphone.

Medical Registration Link:

UNIVERSITY OF GLOUCESTERSHIRE

Outreach and widening participation

SUMMER RESIDENTIALS

Our summer residential runs every year in July for students in Year 10, 12 or equivalent.

Meet other students from across the country, live and sleep onsite in halls of residence, try subject tasters in our industry-standard facilities, take part in social activities, and speak to our current students about life at UoG.

A travel bursary of up to £50 is available to help with the cost of transport to and from the University.

<https://www.glos.ac.uk/event/year-12-summer-residential/>

EVENT INFORMATION

Join us for our annual Year 12 summer residential.

Meet other students from across the country, live and sleep onsite in halls of residence, try subject tasters, take part in social activities and lots more.

SUBJECT WORKSHOPS

Our subject workshops are a great opportunity to learn more about your subject of interest and experience student life at the University.

You'll attend 4 workshops, which are all practical, interactive, and taught by lecturers who run those courses.

You'll gain hands-on experience which can be included in your personal statement if you decide to apply through UCAS.

FREE TIME

It's your choice as to how you use your downtime in between subject sessions.

Get a team together to play basketball on our courts, battle it out over UNO in our student lounge, or hang out in The Zone-our gaming room where you can play the latest PS4 and Xbox games.

On the final night, we'll take you off campus into Cheltenham to our local bowling and arcade centre for some fun and friendly competition.

SUPPORT SESSIONS

We understand that university can be a daunting experience.

You may have questions about how you'll fund your degree, how Higher Education can help your career, or what support is available to you if you're struggling with mental health.

Our Q&A support sessions are a great opportunity to ask any questions you may have and discuss concerns with our team.

STUDENT AMBASSADORS

During your time with us, you'll be supported by our team of student ambassadors.

They are all current students studying at the University and will have a room on each floor of the accommodation you'll be staying in.

This means you'll have 24-hour support available to you if you need it. They'll be available to answer any questions and will accompany you to your subject sessions so there's no chance of getting lost.

Application Deadline: Monday 6 May 2024 by midnight.

Robinson College
University of Cambridge

Women in Science Festival 2024 - 8th - 9th April 2024

Robinson College, Cambridge

The entire residential is free of charge.

Below, you can find full information about the event and how to apply. For further details, head to this page on our website:

<https://www.robinson.cam.ac.uk/prospective-students/access-and-outreach/access-and-outreach-events/women-science-festival>

The Women in Science Festival (WiSF) is a free annual event run by Robinson College, Cambridge, designed to inspire and encourage young women and non-binary students to pursue scientific study at university.

The 2024 Festival will be held at Robinson College, one of the Colleges that form the University of Cambridge, as a residential event from the afternoon of Monday 8th April to the afternoon of Tuesday 9th April. The event will involve talks and sessions delivered by members of our science community here at Robinson, alongside admissions information and exploration of the College, the city centre, and the city's science museums. Attendees are also invited to take part in a Science Fair, which gives them the opportunity to produce and present their own academic poster.

The deadline for applications is Monday 4th March at 11.59pm.

Interested in conservation, wildlife, sustainability?

Want to become a
Young Ambassador

UNIVERSITY OF HULL

A great opportunity for high-achieving students with The University of Hull Chancellor's Scholarship

The Chancellor's Scholarship will reward 10 high-achieving students who have a great potential for academic excellence.

It will cover the full cost of their undergraduate tuition fees and will be awarded to 10 new University of Hull students per year, starting with 2024/25 entry and will run for three years.

Key Criteria:

- Applicants must be UK resident and qualify for Home fee status.
- All undergraduate degree courses commencing Autumn 2024 are eligible with the exceptions of Foundation courses and Medicine.
- Applicants will need to submit a written application (max 500 words) and a video (max 2 minutes) explaining why they should be considered.
- A predicted grade of at least 128 UCAS points.
- Applications will be assessed on multiple criteria rather than just grades alone. This includes a student's passion for their chosen subject, their overall communication skills and their plans to contribute to university life.

Further information is available on our website at Chancellor's Scholarship.

<https://www.hull.ac.uk/choose-hull/study-at-hull/money/awards/chancellors-scholarship>

Students can apply using this Application Form.

https://hubs.formstack.com/forms/chancellors_scholarship

For any scholarship enquiries, please email hefunding@hull.ac.uk.

The application deadline for this scholarship is 31st January.

Excellent Super Curricular offer from University College Oxford.

Welcome to Staircase12, an online hub of resources and information for students thinking about applying to top universities. You'll find plenty of ideas here for stretching yourself beyond the school syllabus.

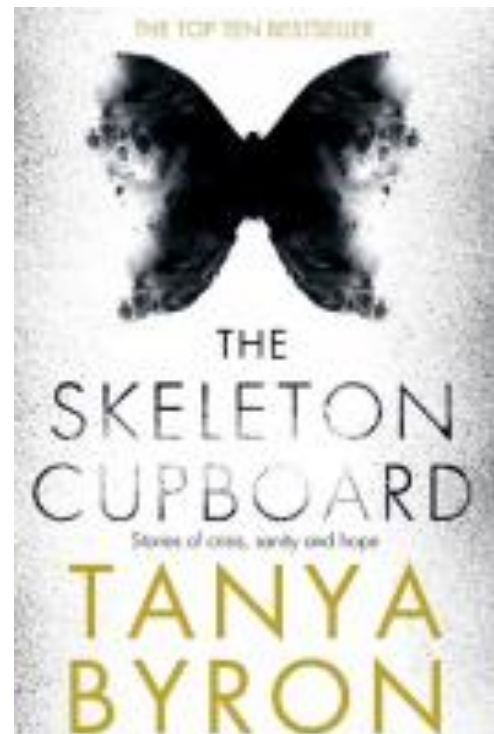

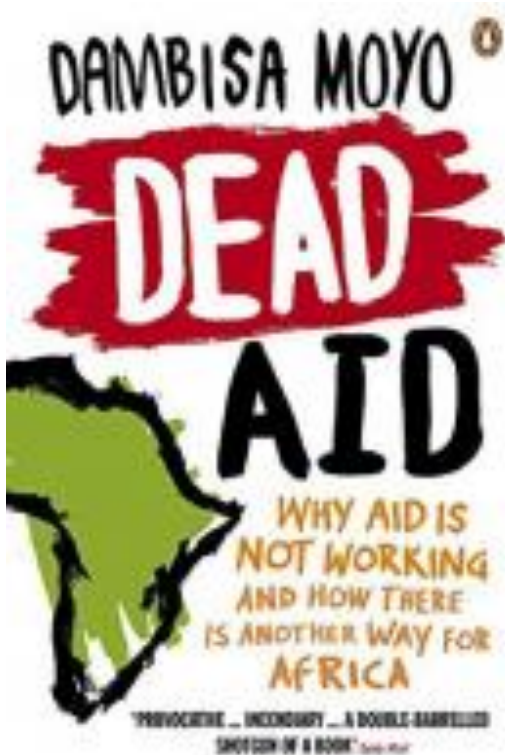

<https://www.univ.ox.ac.uk/applying-to-univ/staircase12/>

Reading Bank

You may have been told you need to “read around the subject” but might not be sure where to start (or just think reading is boring). If that’s the case then our Reading Bank is for you. It’s full of reviews by Univ students and some tutors too of books that they’d recommend to students considering applying to study their subject at uni.

Explore our book reviews for Humanities, Mathematical, Physical and Life Sciences, Medical Sciences and Social Sciences or take a look at the full range of reviews on our Reading Bank.

Here are four of this month's favourites:

Individuality.
Curiosity.
Possibility.

IBM.

IBM Apprenticeships – Accepting Applications Soon!

New year means new opportunities at IBM! We will soon be opening applications for many of our apprenticeship schemes. We will be hiring for both degree and regular apprenticeships and will be accepting applications during National Apprenticeship Week (6th – 12th of February 2023).

Opening **Monday 5th of February 2024** - Level 4 Junior Management Consultant, DevOps and Test

Opening **Thursday 8th of February 2024** (open for one day only) – Level 6 Digital and Technology Solutions Degree

Why Work at IBM?

At IBM, work is more than a job—it's a calling. To build. To design. To code. To consult. To think along with clients and sell. To make markets. To invent. To collaborate. Not just to do something better, but to attempt things you've never thought possible. To lead in this new era of technology and solve some of the world's most challenging problems.

Register your interest now to be notified as soon as our roles open for applications!

THE APPRENTICESHIP ACCELERATOR

This virtual event is an opportunity for you to learn more about Apprenticeships and all the employers who offer them.

You'll meet current apprentices and various companies, including the University of Law and Jaguar Land Rover, and get the low down on everything from how to apply for an apprenticeship to finding out what it's like to work as an apprentice. The evening will be packed with panel discussions and there'll be plenty of time to ask all the questions you want answered.

REGISTER

Get your free ticket here: apprenticeshipaccelerator.ratemyapprenticeship.co.uk

ALL THINGS APPRENTICESHIPS

Apprentices work a minimum of 30 hours a week for 30 weeks a year. The structure of each apprenticeship can vary depending on the scheme type and employer.

An apprentice will work full-time with an industry-leading company while studying for a qualification.

Some employers ask you to work four days a week and study for the fifth day, while others will ask you to attend college for a few weeks at a time, in between periods spent working for the employer.

An apprenticeship is a marvellous option for school leavers because they finish their course with qualifications and relevant work experience.

If you thought it couldn't get any better, you were wrong. Apprentices are also **paid a wage** for the duration of their apprenticeship.

JOINING US AT THE EVENT

The University of Law

The legal sector is changing rapidly, and the need for rigorous, relevant and business-focused legal education and training has never been greater. The University of Law delivers Level 7 Solicitor Apprenticeships for those starting post-A Level, and Solicitor Graduate Apprenticeships for those starting post-degree.

AstraZeneca

At AstraZeneca, we're deeply committed to our strategy of being a great place to work. For us, that includes fostering an environment where everyone can be among inclusive, supportive individuals with curious minds. You will work closely with world-leading scientists, finding opportunities to improve and automate laboratory processes.

Computacenter

Unleash your talent, ideas and personality with unlimited opportunities by taking an apprenticeship at Computacenter. Our can-do culture where people matter and are encouraged to thrive means we are a great company to kick-start a rewarding career! You'll earn a salary, gain experience and obtain a formal qualification in the process.

Deloitte

At Deloitte, an Apprenticeship is not just a training scheme, it's the first step in a long and rewarding career. That comes with a generous salary and annual pay reviews, as well as an absolute commitment to your lifelong professional development. You'll be encouraged to be your true self, dream bigger, think creatively and deliver real impact.

Jaguar Land Rover

This is a time like no other to begin your journey with us. An apprenticeship programme at JLR opens doors to automotive innovation and technology, enhancing your skills and experience for the future. Exceptional starts here. You won't just be looking at the future of modern luxury. You'll be creating it.

KPMG

KPMG's Apprenticeship programmes offer the chance to gain practical work experience and build core skills within their global network of firms. You'll be supported to achieve professional qualifications and accreditations, such as diplomas and degrees, and earn a salary - all at the same time.

Sage

Millions of customers rely on our software to help them run their business better. Much like our products, our apprenticeships are rooted in creating opportunities to thrive. When you become an apprentice, you'll embark on 18 months to 4 years of accelerated skill development designed to enable you to make a real difference.

Vodafone

Apprenticeships aren't what they used to be. At Vodafone, they're so much more. Embrace new advancements and we'll develop your skills with hands-on education, real-world qualifications, and programmes covering an array of new and exciting business areas.

Click here to take the quiz and find out all you need to know about apprenticeships.

https://a.storyblok.com/f/246805/x/b8e8cf6e10/downloadable-resource-spring-virtual-event-2024.pdf?dm_i=7BMZ,5CZE,10QUAH,M4G0,1

In²STEM

The In2STEM programme (formerly the In2science summer programme) is a **free summer programme for 16-19 years old (Year 12)** consisting of an in-person work experience placement, live online workshops, competitions, and events.

By taking part in the programme, you will gain hands-on STEM experience and expand your personal and professional skills.

For more information and application details click here:

<https://in2scienceuk.org/students/apply/>

Chemistry Olympiad 2024

Any students wishing to take part in the Chemistry Olympiad please let Dr Cameron know ASAP before **Monday 22nd January at 3pm** please.

The next round starts next week.

Good luck.

CYBER SPECIALIST DEVELOPMENT PROGRAMME

success
at school

SECURITYSERVICE
MI5

Apply here!

Cyber Specialist Development Programme with MI5!

Technology is at the heart of everything we do at MI5, enabling us to disrupt the serious threats to UK national security. On our **Cyber Specialist Development Programme**, you'll develop a unique set of technical skills, undertake several placements in specialist teams, and study the technical background to cyber security.

You don't need to have any technical knowledge, but you will need an interest in technology and an aptitude for problem solving. If you have, or expect to obtain, the equivalent of three A Levels at grades B, B, and C or higher, find out more and apply now.

Insight Webinar:

Apprenticeship Opportunities in Digital with Google

30th January, 2024
18:30-19:15

Hear from the Head of Apprenticeships at Google alongside two current Apprentices about the different opportunities available!

At Google, we don't just accept differences — we celebrate it, we support it, and we thrive on it for the benefit of our employees, our products, and our community. Apprentices become part of our mission to build great products for every user, and their different experiences help ensure that our products are as diverse as our users. Apprenticeships contribute towards the development of digital skills by providing opportunities for work and study. They can serve as part of your journey to a meaningful career. During the program, apprentices get exposure to different areas and teams at Google, while receiving external training and developing their professional skills on the job.

Insight Webinar:

Apprenticeship Opportunities in with the National Audit Office

20th February, 2024

18:30-19:15

National Audit Office

About this webinar:

Join us at our event where you'll hear from the National Audit Office about starting your professional career and the skills for success.

If you are in Year 13 and interested in exploring opportunities outside of the traditional route of university, then consider attending our webinar. The webinar will include an overview of who the National Audit Office are, their accountancy apprenticeship and how to apply. You will also have the opportunity to hear from current apprentices - why they chose an apprenticeship and what a 'typical' day might look like. This will be followed by a Live Q&A.

Who should attend this webinar?

If you are a Year 13 student with an interest in audit and accountancy, or if you are teacher, career leader, or parent, this presents a fantastic opportunity to gain insights into the National Audit Office's Accountancy Apprenticeship.
